A Letter to the Class of 2014

Mr. Robert Kenther, Jr. Principal

Class of 2014,

This year we have regularly talked about the historical significance of the School Year 2014. Daily you have walked the halls of this great high school and embodied the spirit of Marshfield High School. You are a class that understood what it means to **Show Up** daily, to work hard, and to persevere. You understood and modeled what it means to **Grow Up**, to be mature, responsible young men and women committed to the pursuit of excellence. You understood what it meant to **Step Up**, to celebrate difference, to right wrongs, to reach out and help others. "**We are Marshfield"** was our rally cry as we united as a school and community to pursue being the best that we can be in academics, athletics and the arts. Class of 2014, your high school experiences have forged a foundation upon which each of you can find success.

Finally: Class of 2014, you are making history. You "Turned Out the Lights" on a 45 year old construction as the final class to graduate from the 1969 MHS building. We asked you to be a gracious class and to inspire each of us in understanding the importance of saying, "Thank you." In each of these challenges you have risen to the task, raised our school's level of awareness and exceeded all expectations. Now a new agenda lies ahead, full of new challenges and experiences. Capture the spirit of your four years and make a difference in our world. Thank you!

-Principal Keuther

William Battis A Hero Among Us

Over the last two decades, Bill Battis has dedicated his life to providing a high-quality education for students. As the History Department Head at Marshfield High School, Bill serves as a mentor, coach and friend to hundreds of

youth daily. Additionally, he is the Bullying and
Harassment Officer, ensuring that students feel and
remain safe during and outside of their school days, as
well as a member of the police force, so that the citizens
of Marshfield feel safe as well. Bill has incredibly
taught more than 2,500 students to be great
in and out of the classroom!

On February 2nd, the Boston Celtics presented Mr.
Battis with the Heroes Among Us award. This award
was created in 1997 to honor individuals who make an
overwhelming impact on the lives of others.
The Marshfield High School community is proud to have
Mr. Battis with us as he continues to serve as a
wonderful department head, teacher, adviser, police

We, the Class of 2014 take pride in dedicating this Yearbook to Leahna Mori and Kimberly McGourty.

Leahna Mori

Since 8th grade, the Class of 2014 has known Mrs. Mori as Ms. Kerrigan, so of course that is how we will always know her. Many of us had her in Social Studies in eighth grade. I think I speak for all of us when I say that we were more than thrilled to find out she was coming to teach at the high school during Sophomore year. Many of us tried desperately to get into her classes

just to have her again. Ms. Kerrigan has played a very significant role in all of our lives, especially mine, whether that means a friendly face in the halls or teaching us a valuable lesson in class. In middle school, she was my favorite teacher and has held that title through my senior year. Ms. Kerrigan isn't one of those "favorite" teachers who runs an easy class with little homework. She simply makes learning fun. She connects personally with every one of her students and is able to easily relate with us. I had the privilege of being in her psychology class my junior year. Each day, my classmates and I walked into the classroom with a immediate sense of comfort and relief, all thanks to the boundless energy of Ms. Kerrigan.

She allows each of us to show our true character and voice our own thoughts. Someone who many not say five words in another class is without question engaging in class discussion, laughing, joking, and learning just as vigorously as everyone else whenever Ms. Kerrigan is in the room. She is the most down-to-earth, non-judgmental, and understanding person we have ever met. She is sure to be, for years to come, our number one reason to return to Marshfield High School after graduation.

-Angela Petrosino Class of 2014

Kimberly McGourty

It is a privilege to have a teacher who was born to engage in his or her line of work, but learning from someone who works tirelessly to meet students' many needs is truly a gift. Whether it's during one of her AP Psychology or Street Law classes, or after school advising the History and Politics Club, Mrs. McGourty embodies both of these qualities to the highest degree.

What makes Mrs. McGourty such an amazing teacher is her ability to connect with her students. She encourages them whenever possible, whether through positive reassurance after a particularly low test grade, or genuine praise for a high-marked project. She tries her best to make her lessons easy to absorb for all learners, incorporating different videos, art projects, problem-solving activities, and journal entires into every class. Mrs. McGourty makes each of her students feel as though she took extra time to plan every part of the class with them in mind.

With her positive attitude, undeniable sense of humor, and overwhelmingly caring nature, Mrs. McGourty comes across as both a teacher and a friend. She gets to know the strengths and weaknesses of each of her students, but she also becomes familiar with the individual behind the classwork. She understands that those she teaches are dealing with many other stressful factors in their lives, so she tries to provide as much help and advice as she can. One of her most important pieces of advice is that we cannot let tests define us. As the Class of 2014 moves on to endure the most important tests of all, we dedicate the yearbook to Mrs. McGourty, for not seeing us as just another aspect of her job, but as real people.

A Brief History of the Class of 2014

Dear Class of 2014,

It's truly unbelievable that on May 31st, 2014 we will officially be graduates of Marshfield High School. As I write this, there are 55 days, 23 hours, and 14 minutes until the last day of senior classes. I cannot say for sure what will happen in the space of those eight weeks, but I can share what has happened over the past four years.

Through our years as MHS Rams, we have been a class of excellence and achievement. We started with a bang our Freshman year; creating a fully realized grocery store and dining room within our hallway for Deck The Halls seemed to be far too out of reach, yet we accomplished the design with grace, efficiency, and ease. Later in the year, after raising substantial funds with our annual Marshfield Idol competition, we held what may have been the best Freshman Fun Night in Marshfield's history. What could be better than a bouncy house, giant hamster balls, and laser tag all in one night? Of course, the fun didn't stop there. Our Sophomore year followed in the same great way, with a successful Pride Week.

Our Junior year marked our true greatness, with a close second in Pride Week (let's be honest, we won), and an amazing "Masquerade Ball" Prom at the Seaport. Even when our buses didn't arrive on time, we still had the time of our lives just dancing together and enjoying ourselves. We even had a great time afterwards, continuing to dance together on the buses as the same song played over and over again.

Senior year was where all of the class came together. We climbed Blue Hills together, we planned Senior Night Out together, and we graduated together. I can't express how much those experiences have reflected our class unity and our high school experience.

Class of 2014, thank you for an amazing four years, and don't forget to carry the lessons you have learned at Marshfield High School with you throughout life. Thank you, and goodbye.

A Letter from the Class Advisor, Dr. Jeanine Smith

Good day everyone. This is Dr. Jeanine Smith reporting live from Marshfield High School. I am currently at the scene of the reported "Senioritis Outbreak". It seems to have completely affected the Class of 2014 and staff here are concerned that it may spread prematurely to the underclassmen as well. Symptoms include: extreme giddiness, smiling, positive energy, planning for the future, college acceptance, and maturity. No amount of hand washing or disinfectant seems to be decreasing the outbreak. Four out of five doctors report that the only cure for the Class of 2014 who have been affected is: Graduation. Extreme action must be taken to help stop the spread of "Senioritis" to the younger grades. Marshfield High School as we know it must be demolished. Sources who have worked closest to the Seniors have reported that they have always been positive role models, strong leaders, intellectually curious, avid community volunteers, talented actors and musicians, and record setting athletes. Doctors report that once Graduation has occurred, these alumni will be destined for great things. My only hope is that long after Marshfield High School is torn down, memories of our time spent together will forever live on in their hearts and make them smile.

Stay classy Marshfield. This has been Dr. Jeanine Smith reporting live from *THE* Marshfield High School.
